

FACTSHEET AUGUST 2025

Early detection of disability- Training programme for Anganwadi workers of ICDS-1,2,3,4

The Child Development Centre (CDC), Thiruvananthapuram, conducted a comprehensive training programme on “Early Detection of Disability” for Anganwadi workers under ICDS Projects 1, 2, 3, and 4 during August 2025. The sessions were held on 14th, 16th, and 18th August, and 20th to 25th August at the MKC Nair Auditorium, CDC, with a total participation of around 200 Anganwadi workers. The programme focused on building capacity for early identification of developmental delays and disabilities at the community level. Participants were trained in the use of standardized screening tools such as the Trivandrum Developmental Screening Chart (TDSC) and the Language Evaluation Scale Trivandrum (LEST), along with practical demonstrations and hands-on sessions to enhance their screening skills
