

FACTSHEET OF NOVEMBER 2025

IMPORTANT ACTIVITIES DONE

UNICEF project- CME Program for Pediatricians

CME Program for Pediatricians on Assessment & Management of Children with Developmental Delay/Neurodevelopmental disorders was conducted as part of the UNICEF project 21st & 22nd November, 2025. 43 Pediatricians from all over India participated in the CME.

Online training program Parenting children with NDDs

Online training program Parenting children with behavioural issues, parenting at risk babies, parenting children with intellectual, developmental disorder and parenting children with cerebral palsy, neuromuscular disorder were conducted on 7th, 14th and 28th November respectively. Nearly 100 professionals attended each training program

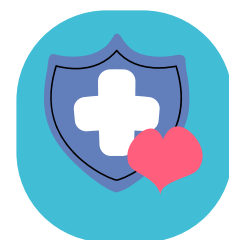

One day Clinical Conference in Foetal Medicine

The One-Day Clinical Conference in Fetal Medicine held on 30 November 2025 at the Child Development Centre, Thiruvananthapuram, brought together practicing obstetricians, fetal medicine specialists, and trainees for an academically rich, case-based learning experience. Featuring 50 real-life fetal medicine case scenarios discussed by renowned experts, the conference emphasized practical clinical decision-making, updated diagnostic approaches, fetal therapy, and antenatal counselling. The highly interactive sessions strengthened participants' confidence and underscored the importance of continuous learning and multidisciplinary collaboration in advancing fetal care.

ICMR-CDC Project

Early-life nutrition in the first thousand days of life and its association with early adiposity rebound, cardio metabolic risk and cardiac function in Low Birth Weight Children at 2 years in Kerala (ICMR funded project in association with SCTIMST). Completed data collection of 680 children. 130 echocardiography completed so far.
